

Women's Center Guidelines

The nursing staff at Seton Medical Center Harker Heights is dedicated to creating a secure environment for you and your baby. We have developed the following guidelines for you. These guidelines are intended to help create a safe place for moms and babies while maintaining the comfort of rooming – in.

- The Women's Center is a locked unit. All access is monitored.
- Parents will be provided with a password that will be required for entry into the unit.
- Security processes will be discussed in detail with you during your stay.
- All nurses wear a visible hospital photo ID badge. Question unfamiliar persons entering your room or asking about your baby. Use your call bell to alert the nurse's station immediately if you are suspicious of someone in the unit.
- Non-sibling children under the age of 12 are not permitted in the Women's Center.
- Siblings are allowed to visit the Women's Services area. Siblings under 12 must be under the direct supervision of an adult and are not to be left unattended.
- Quiet times are from 2:30 p.m. – 3:30 p.m. and 10:00 p.m. – 8:00 a.m. We ask that you limit your visitors to one during quiet times.
- During the time of delivery, visitors will be limited to two people per room.
- No video or photography is allowed during delivery, only afterwards. Patient/family may video tape or photograph the labor period and the infant after the nurse/physician has performed their initial assessment of the infant and has determined the infant to be stable.
